Astro Scholar – Creating Divisional Charts

Divisional Charts

- Divisional charts are charts that are created by dividing each sign into a number of sections, and then assigning a sign to each slice, and then placing planets into a new chart based upon which sign they occupy in the section.

Division of Aries in Navamsha

Hora

- Hora is a divisional chart obtained by dividing each sign into two equal halves of 15 degrees each.
- Each hora is of 15 degrees, therefore zodiac is divided into 24 equal parts.
- In the odd signs first hora is of Sun and second hora is of Moon.
- In the even signs first hora is of Moon and second hora is of Sun. In hora chart Rahu and Ketu are always in the same Hora.
- Planets are either placed in hora of Sun or or Moon depending on their position in zodiac.
- Hora Chart is used to analyze the wealth of the native. Therefore second house along with significator of wealth is required to be examined in Lagna Chart and indications available in Lagna Chart about the wealth of the native are confirmed through Hora Chart.
