Examination of D30 1/3

- Strong Trimshamsha lord well placed in Kendra or kona, associated with benefics, falling in a Shubha rashi, gives good effects, comforts, sound health and satisfactory longevity.
- Trimsamsa is a shadowy world of our self. Hence Sun and Moon do not own any Trimsamsa as they are luminaries.
- The planets Sun & Moon if posited in houses owned by Mars & Venus respectively are considered to be in their own houses.
- Basic nature of native (Satwik, Rajasik or Tamasik) is seen from dispositor of the Sun in D30 chart
- Malefic planets are the causes of miseries through the signification of the houses.
- This house is seen for all the bad things we have done in past lives and for which we deserve to be punished or taught lessons. The 12th house rules hospitals and is the 5th (mantra) from 8th (disease). Hence 12th shows the way to get out of diseases and other such bad karmas. Hence it is the future (5th) of the 8th house.
- Saturn in such a house is not good as it delays recovery from diseases.

Examination of D30 2/3

- In D30 chart look for Lagna, house where Moon is residing, and Eight house.
- **Lagna:** Look for planet(s) in lagna or one which is aspecting lagna in birth chart. Now if the lagna of D30 belong to that planet then this planet is the cause of problem. In addition if the same planet is in D30 lagna or aspects it then it is worst.
- **Moon Sign :** The Trimshamsha having Moon shows the source of influence on the mind.
- **Eight house :** Planets in the eighth house shows weaknesses inherited from past life.
- Lords of 6th and 8th houses of Birth chart should also be seen in D30 chart. The trimshamsha lord of 6th and 8th lord of the birth chart indicates remedies during the dasha period.
- For longevity observe first(Brahma), tenth(Vishnu) and Eighth (Rudra) houses. Conjunction of Saturn with the lord of these houses reduces longevity.
- If eighth house lord is exalted it gives cures from all ailments during its dasha period.
